EXPENSES

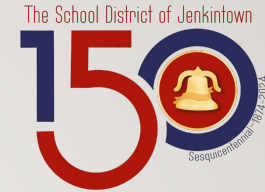

Last year we presented the expenses by Function which are differentiated by:

- Instruction (regular programs, special education programs, vocational programs)
- Support Services (student supports, administration, pupil health, transportation, etc.)
- Non-Instructional Services (student activities and community services)
- Other (debt service and transfers)

This year we are going to break expenses down by object code. Object codes describe the service or commodity obtained as the result of the specific expenditure. For example, under the function for Instruction there are object codes to delineate salaries, benefits, supplies, etc.

ASSESSED VALUES

SCHOOL DISTRICT OF JENKINTOWN

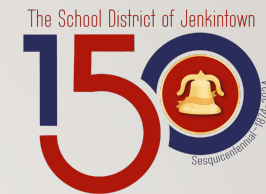

- STATE REVENUES

- Basic Education Funding – The Governor included an additional \$296,298 for the District for basic education funding in his budget for 2024-25. This budget has not yet been finalized and it is uncertain of the actual amount that will be approved. We have included half of the increase in our Proposed Final Budget and are hopeful we will get a definitive amount before our Final Budget is presented on June 10, 2024.

➤ Please note that this generous increase does not even cover the amount of taxes lost in decreased assessment values.

SCHOOL DISTRICT OF JENKINTOWN

- STATE REVENUES – continued
 - Social Security reimbursement
 - Special Education Funding – There is an increase of \$4,688 in the Proposed State Budget for Jenkintown SD. We have included most of this additional funding in our budget.
 - Pupil Transportation Subsidy
 - Health Services
 - Ready to Learn Grant
 - State Share of Retirement Contributions

SCHOOL DISTRICT OF JENKINTOWN

- STATE REVENUE – continued
 - State Property Tax Reduction Allocation
 - This year our allocation has increased by \$125,807! This increase is passed on directly to our taxpayers in the form of the homestead exclusion on their School Tax Bills. The total of \$800,812 is allocated evenly amongst all taxpayers with a homestead exclusion resulting in an approximate \$740 credit on their tax bill. This is a significant increase in relief for our local tax base.

SCHOOL DISTRICT OF JENKINTOWN

- **FEDERAL REVENUES**

- IDEA Funding – includes Title I, Title II, Title III and Title IV
- ESSER Funding – This funding must be spent by September 30, 2024. There is no funding in our budget for ESSER for 2024-25 as most has been expended and very little will be funneled through next year. This is a loss of \$238,000 in funding from the previous year.
- School Based ACCESS funding

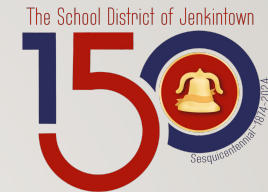

➤ Federal Funding is mostly stagnant with the exception of the loss of ESSER funds.

SCHOOL DISTRICT OF JENKINTOWN

As the School District of Jenkintown begins the celebration of **150 years** of educating the students of the Borough of Jenkintown we are always cognizant of the impact of the budget on our local community. We consistently look for alternate means of revenues as well as work on any grants that may be available to us to support our students and sustain our buildings for another **150 years!**

We hope by providing this presentation and sharing our struggles with declining assessment values and underfunding by both the state and federal government you will recognize our commitment to educating the students in our community while being fiscally responsible neighbors.
