

Jenkintown School District

2025-2026 PRELIMINARY BUDGET

BUDGET CYCLE

BUDGET CYCYLE

(over a 3 year period)

- 1- **PLANNING**
- 2 - **PREPARATION**
- 3 - **ADOPTION**
- 4 - **IMPLEMENTATION
/ MONITORING**
- 5 - **EVALUATION**

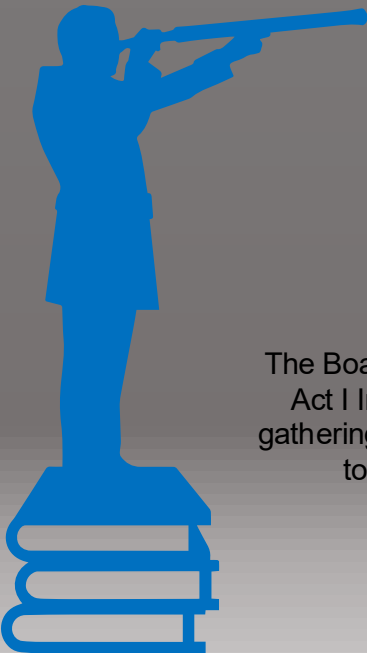

THE DISTRICT MUST FOLLOW THE PROPER STEPS THAT HAVE BEEN OUTLINED IN ACT I of 2006 IN ORDER TO PROPERLY PLAN, PREPARE AND ADOPT OUR BUDGET EACH YEAR

Step by Step
Step by Step
Step by Step
Step by Step
Step by Step
Step by Step

TIMELINE FOR THE BUDGET

Final Budget must
be approved by
June 30, 2025

The Board voted Not to Exceed the
Act I Index and the District began
gathering information for the budget
to be presented to the Board.

FALL 2024

Historic information is
gathered and meetings are
held with administrators to
prepare a preliminary budget.

JANUARY /
FEBRUARY
2025

Public Discussions continue
and documentation is collected
for 2025-26 to continue to
update the budget.

MARCH /
APRIL 2025

A Proposed Final Budget is
presented and voted on by the
board and put on display for 30
days.

APRIL 2025

JUNE 2025

1 - PLANNING

**August
2024**

In August 2024, the The Pennsylvania Department of Education (PDE) released the Act I Index for the 2025-26 school year. The state calculates the base Act I Index by averaging the percent increases in the PA statewide average weekly wage and the Federal employment cost index for elementary/secondary schools. For 2025-26 the base Act I Index is 4.0%. For school districts with a market value/personal income aid ratio (MV/PI AR) greater than 0.4000 the state adjusts their index upward by multiplying the base index by the sum of 0.75 and their MV/PI AR. Jenkintown's MV/PI AR was .4123. Therefore Jenkintown received an adjusted Act I Index of 4.6%. (the base index was $4.0\% \times (.75 \times .4123) = 4.6\%$). This means the District cannot raise taxes beyond 4.6% without requesting exceptions from PDE or going out for a voter referendum.

**December
2024**

In December 2024 the board voted to Not Exceed the Adjusted Act I Index of 4.6%. At this time the District begins planning for the 2025-26 budget to begin presenting to the board. During the Fall we are also evaluating and wrapping up the audit from the prior school 2023-24 as well as implementing and monitoring the current school year (2024-25).

2 - PREPARATION

**December
2024 –
February
2025**

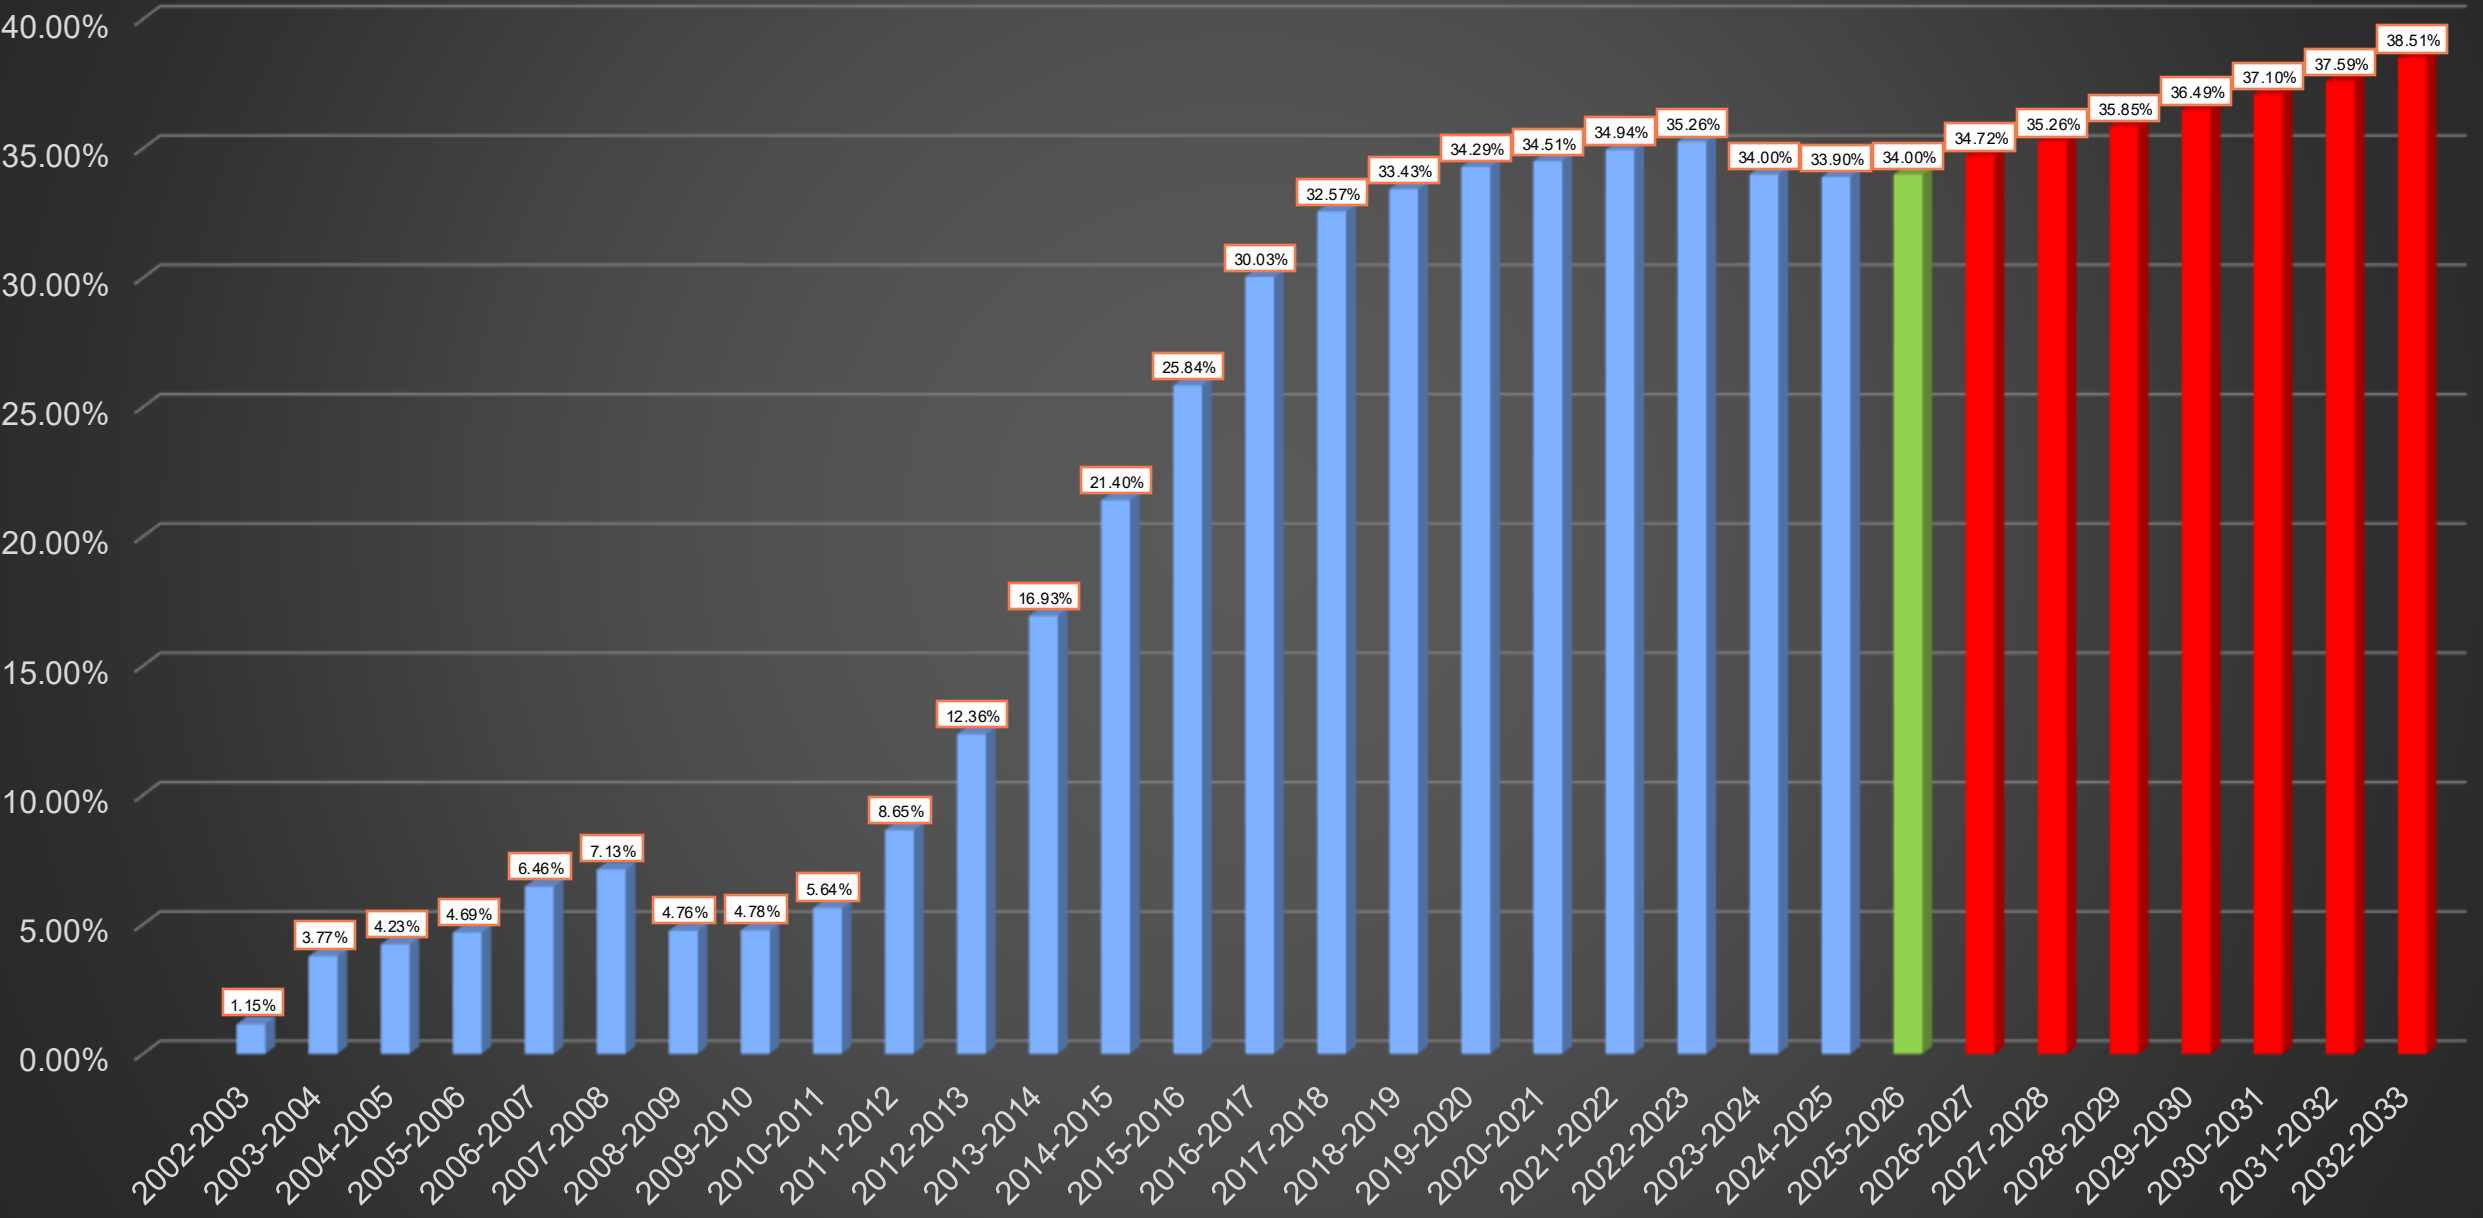

In December the District begins preparing the budget to present to the board and public. We look back at historic data as well as gather and review new/updated information as it becomes available. This year administrators are putting together their own individual budgets.

Most of the District's budget is mandated by either federal and/or state requirements as well as contractual obligations. Several examples include:

❖ Pension Contributions - the Pennsylvania State Employees Retirement System (PSERS) sets rates that all district's are required to pay towards the retirement system for district employees. These rates have increased all but one year over for the last 15 years. In 2002 the District had to pay a total of 1.5% of all eligible salaries to PSERS, in 2025 the rate is now 34% and is projected even higher over the next 8 years!

EMPLOYER CONTRIBUTIONS TO THE PENNSYLVANIA STATE EMPLOYEES RETIREMENT SYSTEM (PSERS)

2 - PREPARATION

**December
2024 –
February
2025**

❖ Special Education Services - Mandated Special Education programs are another big cost driver to the budget. The District is required to perform evaluations, provide Individualized Education Plans (IEPs) and Gifted IEPs which include related services such as speech, occupation therapy, physical therapy and nursing services just to name a few. In addition the District is responsible for the costs of Approved Private Schools that students may need as well as transportation to these schools. The funding that is received from the state and federal governments only covers a fraction of the costs associated with the programs.

❖ Charter School Payments – The District is required to pay for students that opt to attend both brick and mortar charter schools as well as virtual charter schools. The number of students attending these types of schools has increased in the years since COVID. Up until 2024 this District hadn't received any funding for this mandate since 2011 and from 2003-2011 only reimbursed district for 30% of the cost. This year we are slated to receive \$6,500 toward cyber charter enrollment.

❖ Employee salaries/benefits – Most of the salaries and benefits of District employees are dictated by contracts with various groups and/or individuals.

2 - PREPARATION

**February –
April
2025**

In March we present the first Preliminary Budget for 2025-26. Much of the information is very, very preliminary as we work through and wait on many details such as:

- Federal Government budget
- State Government budget
- Additional Special Education needs
- Final looks for healthcare
- Renewal contracts for licensing, subscriptions, etc.
- New curriculum materials
- New Teacher Contract details

These are just a few of the items that get firmed up as we go into Spring 2025.

In May we will give updates to the preliminary budget and provide a forecast based on the preliminary budget so we can analyze the impact of our finances moving into the next 5 years.

3 - ADOPTION

APRIL 2025

At the combined work session/business meeting in April 2025 we will present the Proposed Final Budget for 2025-26. The board will need to vote to adopt this budget so that it can be on display for 30 days prior to the adoption of the Final Budget in June 2025. Changes can still be made to the Proposed Final Budget up until the Final Budget is voted on in June 2025. In April/May we are generally still waiting on the budgets of both the state and federal governments and some other minor changes.

JUNE 2025

On June 9, 2025 we will present the Final Budget for the 2025-26 school year at our Finance Committee meeting and the Board will vote on the Final Budget at the Business Meeting. At this time we will have our expenses and local revenues firmed up and will most likely still not have any final numbers for funding from both the state and federal governments. We will base our budget on best practices in relation to this funding.

4 – IMPLEMENTATION / MONITORING

Throughout the 2025-26 school year we will implement the Final Budget that will be approved at the June 2025 meeting.

Reports are provided to the board on a monthly basis for review and approval.

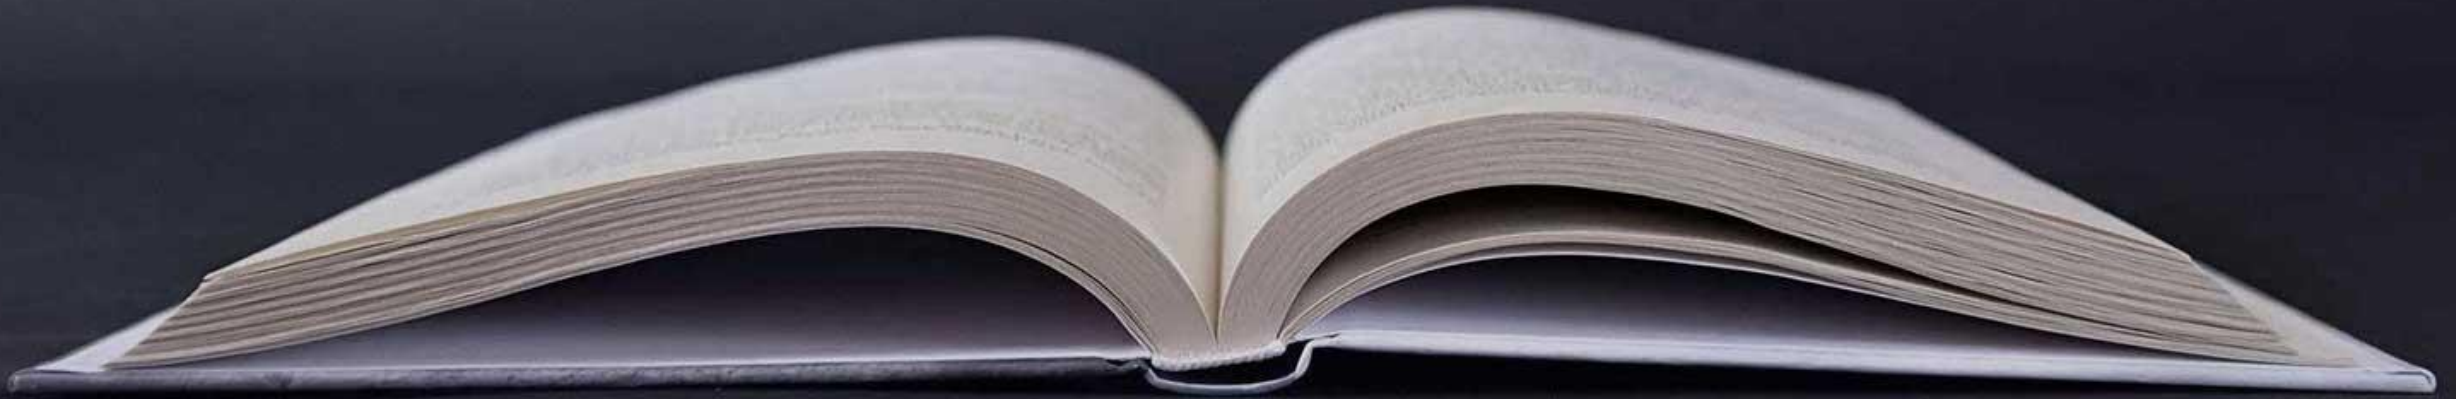

5 - EVALUATION

JULY –
OCTOBER
2026

On June 30th, 2026 our fiscal year ends and we begin preparing for the next school year.

During the summer we pay out any remaining invoices/encumbrances from the 2025-26 school year and begin preparing our financial statements for our auditors to review.

In September/October of 2026 our auditors will review our financial statements, test our transactions, and prepare a report for the Board. The audit is generally completed in October, a draft report is prepared and presented to the board in November and the final audit report is placed on the agenda for approval in December 2026.

Budget Cycle

1

PLANNING

2

PREPARATION

Preparations have begun and this evening we will present our first Preliminary Budget for the 2025-26 School Year as of March 2025. There will be variations of this budget as we move through the months before the Final Budget is approved in June 2025.

SCHOOL DISTRICT OF JENKINTOWN
PROPOSED PRELIMINARY GENERAL FUND BUDGET FOR 2025-26
